CAREER OBJECTIVE

BS Information Technology student majoring in Web Development with training in front-end and back-end technologies, UI/UX principles, and responsive design. Seeking a Web Development internship to create user-friendly and efficient web applications, contribute to innovative digital solutions, and enhance overall user experience.

EXPERIENCE

BACKEND | INVENTORY AND ORDER MANAGEMENT SYSTEM | OCTOBER 2025

- Designed and developed a relational database with structured tables, relationships, and queries to efficiently store and retrieve data.
- Applied normalization and conducted testing to ensure data integrity, accuracy, and optimized performance.

FRONTEND | WEBSITE DEVELOPMENT | MARCH 2025

- Built a responsive website interface using HTML, CSS, and JavaScript with user-friendly layouts and interactive elements.
- Implemented modern web design principles and collaborated with team members to align the front-end with project requirements.

SEO-OPTIMIZED WEBSITE DEVELOPMENT | FEBUARY 2026

- Developed a website optimized for search engines by implementing proper HTML structure, meta tags, headings, and keyword placement.
- Improved website visibility and performance by applying SEO best practices, including optimized content, page speed, and mobile responsiveness.

TECHINCAL SKILLS

- HTML & CSS
- JavaScript
- Python
- UI/UX Design

CERTIFICATIONS

- Introduction to Graphic Design; Basics of UI/UX | SimpliLearn | September 2025
